

Hello Jaime,

We're so glad your students were able to visit Norway and Kvinnherad this spring. Hope they had a great stay and a pleasant flight back home. As I understood Jack and Kathy when we had an evaluation meeting in April, this experience is of great value both for our students as well as for the american students. We're looking forward to the next stay!

Attached is the invoice prepared for the spring semester. We went through the invoice with Jack and Kathy and the numbers should be accurate according to the 2019 Scope of Work-agreement. However, please let me know if you have any questions or need more specification.

Kind regards,

Hilde Kjelstrup
